

Terrific Tuck Shop

The new elected head boy, head girl, prefects, and counsellors sat down with Mr Thomson and discussed one big idea that stood out to us...A TUCK SHOP!!! We Believe this idea could spark a delicious and healthy lifestyle within school. Should you forget your snack, we have got the perfect snack for you.... you can be sure of that!

In our tuck shop we will stock a range of healthy but absolutely delicious snacks. We will keep the prices as low as possible, and all the profits will go towards the school council to spend on our school: things that pupils really engage with – extra yard games, wet play activities, visiting theatre performances.

At this tuck shop we will stock something for everyone, whether you are vegetarian or have an allergy.

We will begin our tuck shop on Friday's only, starting on Friday 21st November. Tune into next weeks newsletter for all prices!

Super sensory Garden

We were lucky enough to be able to afford, thanks to the friends of Oakfield, two brand-new sensory gardens for everybody to enjoy.

Garden behind the bungalow:

We had an amazing swing installed at the start of October. Each class have had a chance to go and test it out! Over the course of the next academic year this swing will be used regularly by many students.

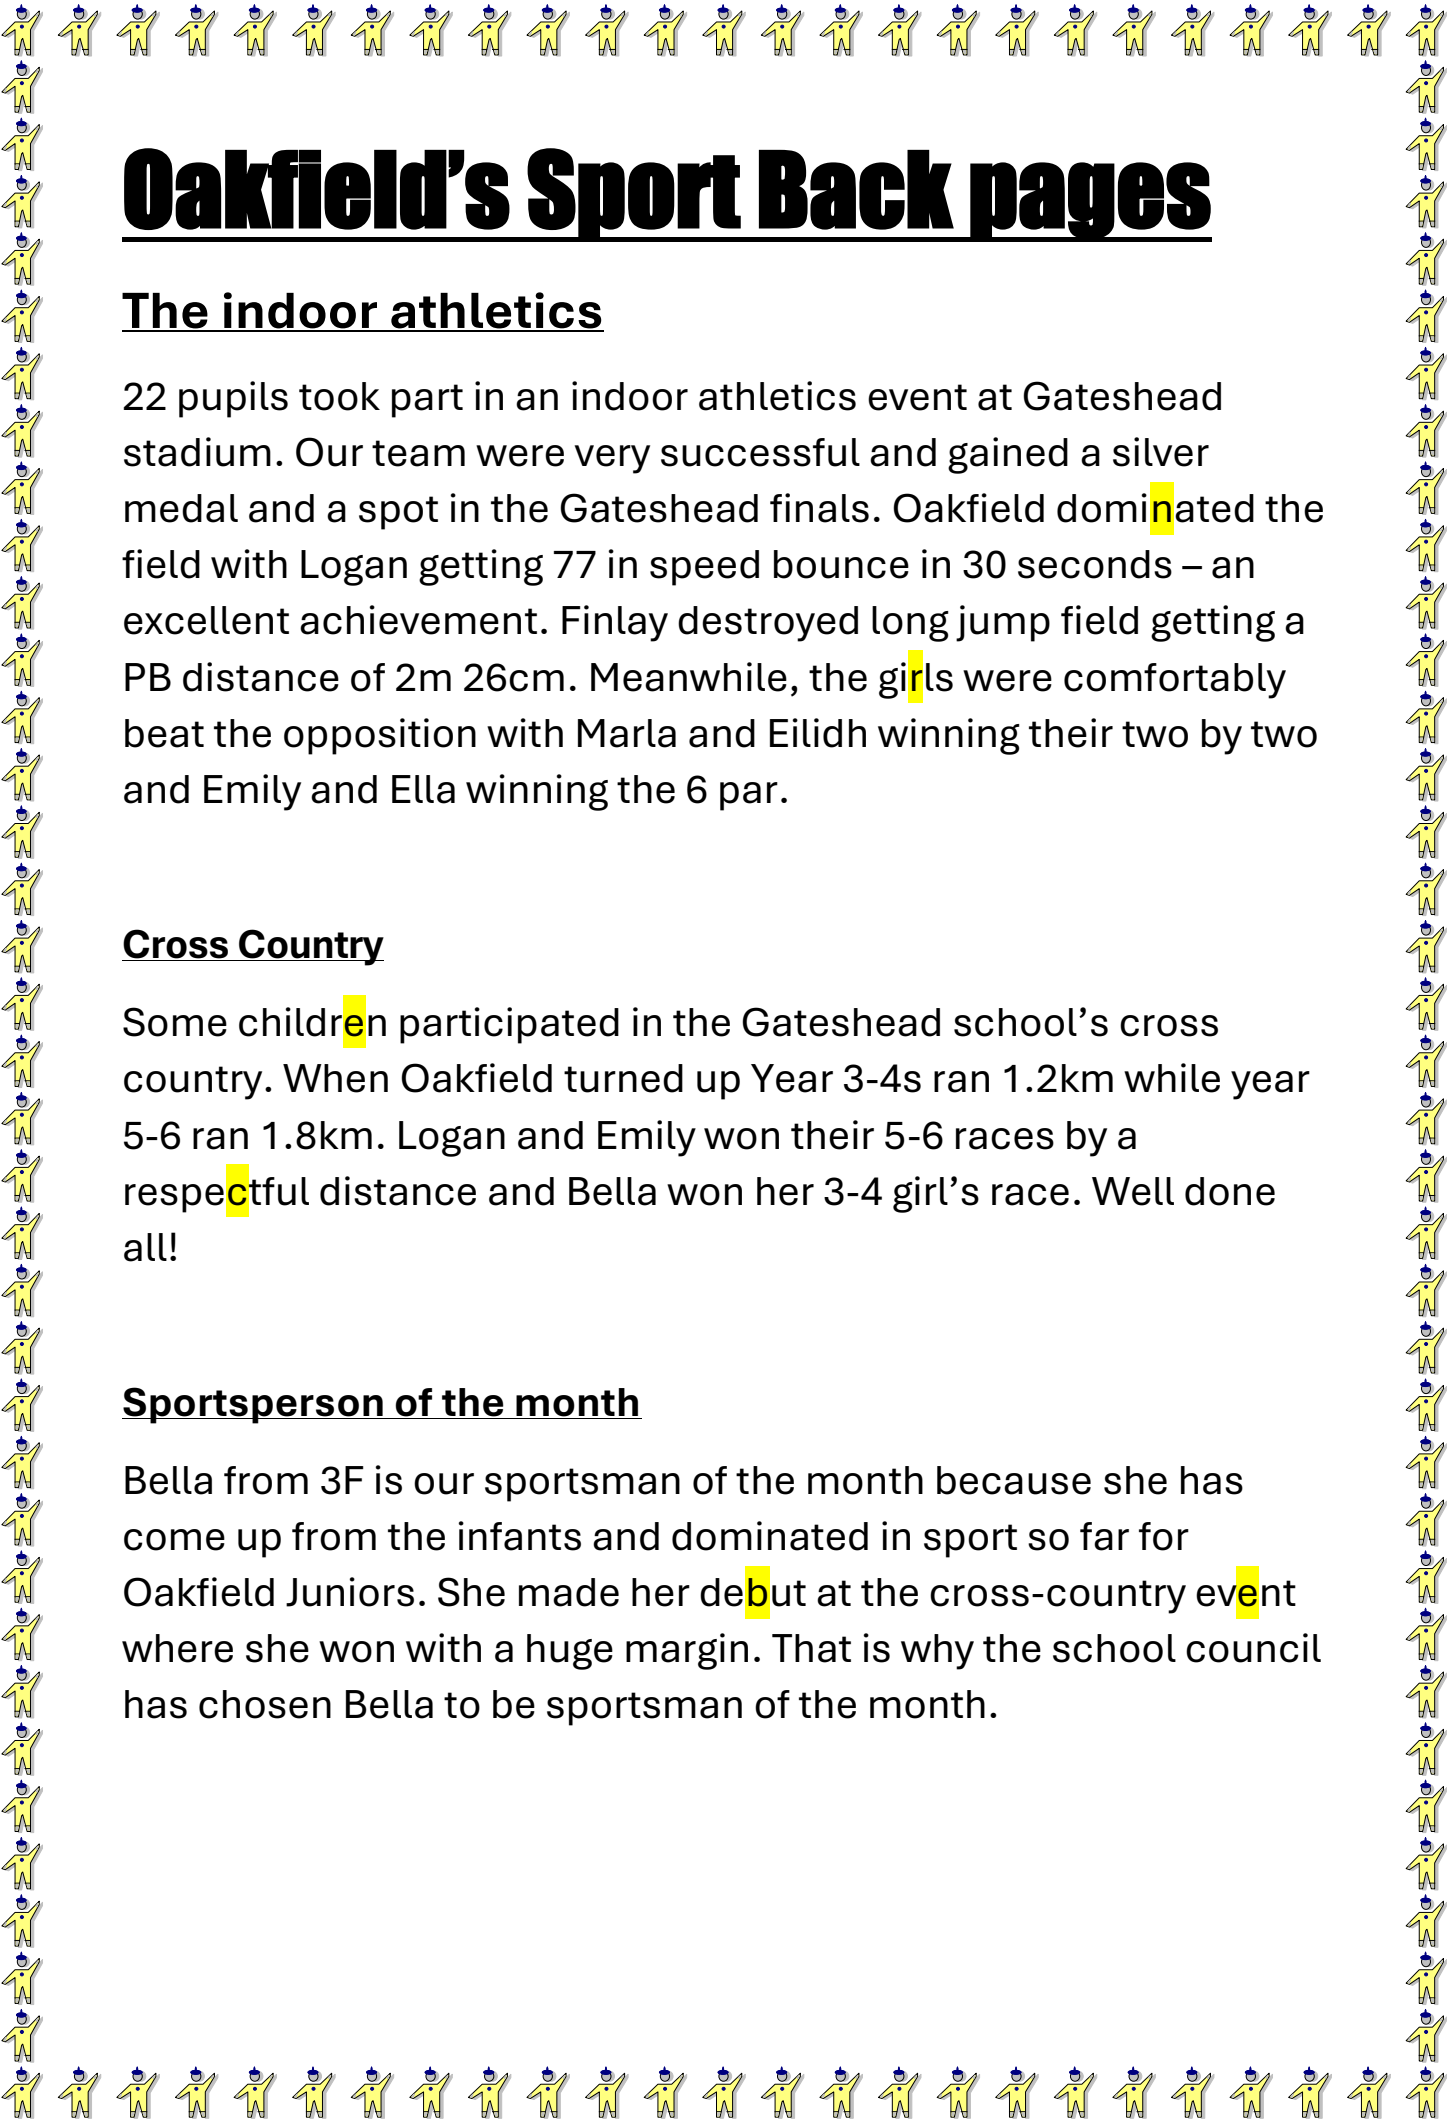

The children's opinions on the new sensory play area

“Truly amazing! Love the beanbags in the gazebo”, Finlay exclaimed.

“I loved the sensory path and the obstacle course” said Sadie.

There will be more added equipment more including soft balls and more.

Oakfield's Sport Back pages

The indoor athletics

22 pupils took part in an indoor athletics event at Gateshead stadium. Our team were very successful and gained a silver medal and a spot in the Gateshead finals. Oakfield dominated the field with Logan getting 77 in speed bounce in 30 seconds – an excellent achievement. Finlay destroyed long jump field getting a PB distance of 2m 26cm. Meanwhile, the girls were comfortably beat the opposition with Marla and Eilidh winning their two by two and Emily and Ella winning the 6 par.

Cross Country

Some children participated in the Gateshead school's cross country. When Oakfield turned up Year 3-4s ran 1.2km while year 5-6 ran 1.8km. Logan and Emily won their 5-6 races by a respectful distance and Bella won her 3-4 girl's race. Well done all!

Sportsperson of the month

Bella from 3F is our sportsman of the month because she has come up from the infants and dominated in sport so far for Oakfield Juniors. She made her debut at the cross-country event where she won with a huge margin. That is why the school council has chosen Bella to be sportsman of the month.

THE WORD OF THE MONTH IS ...

R	E	G	U	L	A	T	I	O	N
----------	----------	----------	----------	----------	----------	----------	----------	----------	----------

Regulation is the word of the month because it is important to be calm and keep yourself in the green zone. Dotted around the school are regulation tables to keep your emotions in control. You will feel better as well as enjoying your learning and have a better mind set to take on challenges.

Prize Draw

One last thing! All over the text, highlighted letters have been scattered everywhere. Find the letters, unscramble them, write the unscrambled word on some paper, and post it in the box next to Mr. Thompsons office by Friday the 14th of November before break time. Please remember to add your name and class!

By Ada, Leo, Eilidh, Logan, Rose, Harriet, and Emily.
